

Basamh Employee Portal

Empowering a Digital Workforce

In today's fast-paced corporate environment, organisations need digital solutions that promote efficiency, collaboration, and employee engagement. Basamh Group, a renowned Middle Eastern conglomerate, partnered with Centric to implement a SharePoint-based employee portal that transforms daily operations and empowers employees through innovative digital workplace solutions.

Overcoming Digital Barriers

The digital transformation journey presented significant challenges that required strategic solutions and comprehensive planning.

User Adoption

Comprehensive change management strategy with interactive workshops, detailed guides, and responsive support channels to ensure smooth transition from traditional workflows to digital processes.

Content Management

Robust content protocols with designated personnel training to ensure information remains current, consistent, and compliant with industry standards.

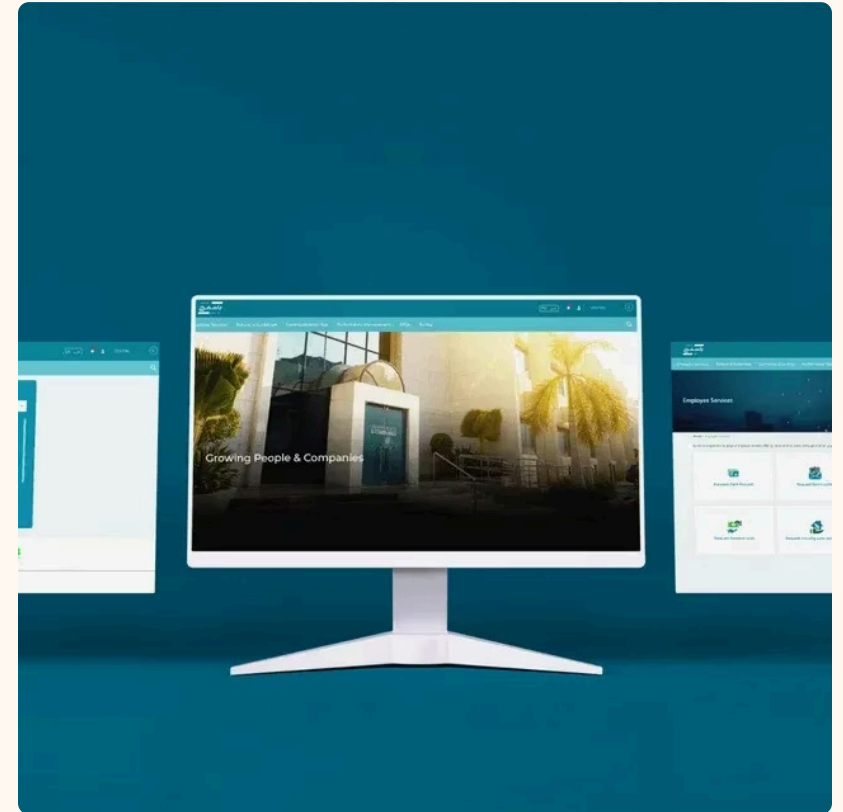

Information Security

Advanced security measures including multi-factor authentication, data encryption, and regular audits to safeguard sensitive HR documents and maintain data integrity.

Technical Integration

Flexible architecture with open standards enabling seamless integration with existing enterprise systems and scalability for future technological enhancements.
